## 'Not Guilty,' My Lai Army Sergeant Says

WASHINGTON (AP) — Staff Sgt. David Mitchell, one of two soldiers charged in the alleged My Lai massacre, came to the Pentagon today to testify before a special Army board and smilingly told newsmen: "I'm not guilty."

Mitchell, 29, of St. Francisville, La., a nine-year Army veteran, is charged with 30 counts of assault with intent to commit murder.

The other person charged is his platoon commander, 1st Lt. William L. Calley, Jr., of Waynesville, N.C. Calley is charged with murdering 109 civilians at My Lai March 16, 1968. Twenty-four other soldiers or former soldiers are under investigation, the Army says.

Calley went before the special investigating board earlier.

Mitchell was accompanied by his civilian attorney, Ossie Brown of Baton Rouge, La., and his military lawyer, Capt. James Bowditch of Bradenton, Fla., a member of the First Ar-

## Wives Of POWs Going To Paris For More Action

VIRGINIA BEACH, Va. (AP) — Three Virginia Beach women whose husbands are presumed to be prisoners of the North Vietnamese plan to fly to Paris tonight in an effort to make "gradually" come faster.

This was a reference to other American women who were told by North Vietnamese officials in Paris Christmas Day that news about American prisoners would be released "gradually."

Seeking to speed up the release of news are Mrs. Thomas Stegman, Mrs. Robert Duncan and Mrs. Richard Nelson, wives of Navy air men declared missing in action in Vietnam. None has heard any news of her husband since he was shot down.

Mrs. Stegman, the mother of two sons, said she and the other two wives are admittedly discouraged by the lack of results of other American women in trying to get news of their missing husbands from the enemy.

"But we keep thinking maybe this will do the trick," she said.

## 2,400 U. S. Troops Leave Thailand

BANGKOK (AP) — A total of 2,400 American troops were withdrawn from Thailand as of Dec. 15, the U.S. Embassy announced today.

The number is about two-fifths of the target announced in a U.S.-Thai declaration last Oct. 1 that some 6,000 U.S. troops would be withdrawn from Thailand by July 1, 1970.

There are now about 45,600 American troops, mostly U. S. Air Force personnel, remaining in the six major air bases around Thailand, officials said.

# Bomb-Laden U.S. Ship Burns; 24 Lost At Sea

HONOLULU (AP) — A Vietnam-bound cargo ship loaded with bombs and rockets equal to 2,000 tons of TNT burned in the mid-Pacific Ocean today while a Greek freighter hunted missing crewmen.

Fourteen of the 39 crewmen aboard the SS Badger State, including its skipper, Capt. Charles Wilson, were reported picked up within hours by the Greek freighter Khian Star, the only vessel within range of the stricken ship.

**No Casualty Report**  
"We have no report of casual-

ties," the Navy said, "but we can't say for sure if all the men are accounted for."

Capt. Wilson radioed the cargo had broken loose and the munitions ship was breaking up in 25-foot swells 580 miles northwest of Midway Island Friday morning, and he gave the order to abandon ship.

Seventy minutes later an explosion tore a huge hole in the hull of the Badger State.

## Holiday Traffic Toll Now At 353

By The Associated Press  
The nation's Christmas holiday weekend traffic death toll reached 353 today.

Precipitation, ranging from heavy snow in the East to rain or showers in the Northwest, has caused hazardous driving conditions over much of the United States.

The count of traffic deaths began at 6 p.m. local time Wednesday and ends at midnight Sunday.

Michigan's toll reached 20 today.

## Yanks Plunder Enemy Troops In Big Battle

SAIGON (AP) — U.S. forces fought their biggest single battle in a month and a half today.

The American forces spotted as many as 200 North Vietnamese troops within two miles of the Cambodian border and 83 miles north of Saigon and attacked them with jet bombers, armed helicopters, tanks and armored personnel carriers.

The U.S. Command said aerial observers counted at least 72 North Vietnamese dead and 40 bunkers smashed. A spokesman said that at last report fighting was still continuing.

The spokesman said there were some U.S. casualties but he described them as light.

He said it was the biggest battle involving American troops since last Nov. 12 and 13 when U.S. forces reported killing 173 North Vietnamese soldiers in heavy fighting just below the demilitarized zone. Fifteen Americans were killed and 62 wounded then.

The spokesman said helicopter crewmen of the 11th Armored Cavalry regiment spotted two companies of North Vietnamese troops nine miles northwest of the district capital of Loc Ninh, near highway 13 which leads from Cambodia into South Vietnam.

Elsewhere, battlefield communications indicated only light activity across South Vietnam following the end of the 72-hour Viet Cong cease-fire.

Enemy troops shelled a town in the Mekong Delta and a South Vietnamese base near the demilitarized zone, communications said.

## Heavy Snows, Wind Buffet East Coast

By The Associated Press  
Heavy snows and strong winds continued to belt the eastern United States Friday night and early today.

Snow was in progress from the north Atlantic Coast to the Great Lakes and the central Appalachians with as much as two feet blanketing the ground from New York state to northern New England.

Heavy snow warnings were in effect over north and central Maine and gale warnings were flying from Virginia Beach, Va., to Eastport, Maine.

Roads and highways were reported treacherous all over the East. Friday's six-inch snowfall in New York City caused delays in public transportation but a light post-holiday commuter turnout prevented serious bottlenecks.

New York Mayor John V. Lindsay flew back to the city Friday to oversee snow removal efforts, after directing crews from the Bahamas by telephone in the early hours of the storm.

Power was being restored today for thousands of North Carolinians left without electricity by a Christmas night ice storm

"We don't know what went up," a Navy spokesman said here. "There was nobody on the ship when she blew." A spokesman said it was not known if any of the munitions were involved.

**Flares Dropped**  
A rescue plane from Hickam Air Force Base remained in the area to drop flares after another plane had spotted all the life rafts with dye and smoke markers, the Navy said.

The nightlong search was hindered by fears the smoking Badger State might blow up at any moment. The Greek freighter was forced to stay three miles from it.

The Badger State, a Military Sea Transport Service ship, was loaded with 8,900 rockets and tons of bombs ranging to the 2,000-pound size. Its combined cargo had an explosive equivalent of 2,000 tons of TNT, the Navy said.

**Winds, Waves High**  
Late Friday night, the Navy said winds buffeting the stricken vessel had increased to 40 knots and the seas were running to 20 feet.

The Navy said the big hole in the starboard side of the aft section was above the water line, "but with the fire and big waves we don't know how long she can stay afloat."

The SS Badger picked up its cargo at the Bangor ammunition depot near Seattle, Wash., and was bound for Da Nang, South Vietnam.

## Foresees More Cooperation From Russia

BOSTON (AP) — An end to the space race and closer cooperation between the United States and The Soviet Union was predicted Friday by Dr. Thomas O. Paine, administrator of the National Aeronautics and Space Administration.

Paine, in Boston for the 136th annual convention of the American Association for the Advancement of Science AAAS, said in a speech he did not foresee consolidation of U.S.-Soviet space efforts in the '70s but did look for closer cooperation such as exists in arctic exploration.

With several Soviet scientists in attendance, Paine said he did not see a time when either side would attempt to outdo the other simply for the sake of competition.

Paine, during a question and answer period, disclosed plans for the orbiting of a television satellite over India intended to bring programs on crop raising to rural residents of the often famine-stricken land.

He also termed the exploration of earth's sister planets of "prime importance."

VIENTIANE, Laos (AP) — Pathet Lao delegation headquarters. The Pathet Lao and the North Vietnamese fight against the royalist and neutralist forces in Laos.

**172 Prisoners Listed**  
Perot said Pathet Lao delegation chief Soth Petras showed him a list of 172 U.S. servicemen reported missing in action in Laos, but the list is believed to be one prepared periodically by the International Red Cross and given to the Pathet Lao.

According to U.S. sources, some of the men on the list are believed to be alive as prisoners of war in Laos. Perot did not say whether the Pathet Lao official told him if any of the prisoners are alive. The Pathet Lao claims to have shot down 1,080 U.S. planes.

**162 Reported Missing**  
The U.S. State Department says 162 American servicemen have been reported missing in action or captured in Laos during the war. Perot said that in his conversation with the Pathet Lao official "we talked principally about the subject of prisoners. I explained to him that this is a major concern to the people of America."

**Will Forward Gifts**  
If the Moscow trip is approved, Perot said, then Soviet postal officials will forward the gifts to Hanoi. This is what North Vietnam told Perot before he began his holiday mission.

The reason he requested permission to fly to Moscow, Perot explained, is that North Vietnam set a deadline of Dec. 31 for accepting Christmas parcels for prisoners of war.

From the Russian embassy, Perot and three aides went to

# Medicare Fee Hike Proposed

WASHINGTON (AP) — Premiums paid by elderly Americans for supplementary Medicare coverage will go up to \$5.30 per month next July 1, a 32.5 per cent increase over the current \$4 fee.

Robert H. Finch, secretary of health, education and welfare, announced the increase Friday shortly after President Nixon hinted to newsmen that he would sign the tax reform bill which includes a 15 per cent increase in Social Security payments effective Jan. 1.

**Increase Predicted**  
Nixon last September recommended a 10 per cent Social Security increase, and at that time the President disclosed there would be a substantial jump in the supplementary Medicare premiums in 1970.

The supplementary insurance cost the elderly only \$3 per month when the program was launched in 1966.

More than 19 million Americans are now covered by Medicare, which consists of two parts—a voluntary medical insurance program and the government-financed basic hospital insurance. The voluntary program supplements the basic program by helping pay doctor bills and a variety of other medical expenses in and out of the hospital.

Those enrolled in the supplementary program pay for half of the cost of their protection, and the government pays the rest.

**Other Hikes Noted**  
The premium increase isn't the only added expense awaiting Medicare patients in the new year. It was announced previously that as of Jan. 1 Medicare beneficiaries will have to pay the first \$32 of their own bill for an ordinary hospital stay of up to 60 days—an increase of \$8 from the current \$44 deductible.

The government has blamed escalating medical costs for the increases in costs to Medicare patients, and the Nixon administration has contended the premium boosts should have been made before it took office.

But a consumer health organization, the American Patients Association, said Friday that the premium boost itself is inflationary and contradicts the administration's efforts to hold down price increases.

Association president Theodore O. Cron said the increased premium rate demonstrates that the program is "to be administered as a benefit primarily for physicians who wish to escalate their personal incomes."

**Boost Explained**  
Finch, in explaining the \$1.30 per month premium boost, said 26 cents of it will go to cover an estimated increase of about 6 per cent in the level of physicians' fees.

GRAND RAPIDS (AP)—Franklin "Pat" Murphy, president of Northwestern Oil Company of Grand Rapids and St. Ignace, died unexpectedly Friday at his home in Grand Rapids. He was 70. Survivors include his widow, Vesta; a son, a daughter, a brother and a sister. Funeral services will be held Monday.

## No Mercy Shown

# Army Captain Recalls Nightmarish Ambush

SAIGON (AP) — "I raised my hands to surrender and they shot me down without mercy," Army Capt. John W. Marshall said today of a nightmare ambush he survived by playing dead on a narrow side road 28 miles north of Saigon.

The 27-year-old officer lived to tell the story, but the three men riding with him in a jeep to a Christmas celebration Tuesday were killed by the ambushers, who wore South Vietnamese army uniforms.

**Bullet Breaks Leg**  
A handsome career soldier from Lawton, Okla., and formerly of Livonia, Mich., Marshall suffered a broken leg from one of the bullets. He was found the next morning by a road mine sweeping team.

He was interviewed today at Tan Son Nhut airbase as he waited for a medical evacuation flight that will fly him to a military hospital in Japan.

Marshall and the others had left Lai Khe, base camp of the 1st Infantry Division, for the artillery firebase where they were stationed, a few miles away.

Three miles east of Lai Khe, 15 to 20 Vietnamese suddenly opened fire from the four-foot elephant grass bordering the road, Marshall related.

**Only One Alive**  
"After the initial volley, I was the only one alive," Marshall recalled. The Jeep careened off the road into the elephant grass, he said. "They were all around me so the only thing to do was surrender. Obviously, they didn't accept that."

very excited because they thought they got a dai yu (Vietnamese word for captain). Thinking I was dead, they took my dog tags, personal effects and watch. All I could do was breathe shallow and hope they didn't discover I was still alive," he recalled.

**Reds Set Fire**  
"They dumped the other three bodies over mine and then poured gasoline over the jeep and the bodies. As they started to leave they threw a match, setting the gas on fire."

"Luckily, they moved away

## Political Future Of Japan Depends On Election Vote

TOKYO (AP) — A relatively light percentage of Japanese voters turned out today for national elections that could set a pattern for Japan's political future in the coming decade.

The outcome was expected to reflect popular reaction to Prime Minister Eisaku Sato's pro-American stance. His Liberal-Democratic party was favored to capture a majority in the 486-seat House of Representatives, the ruling body in the Diet (parliament).

At least 244 seats are needed to control the House which then selects the prime minister. Polls indicated the Liberal-Democrats would win from 270 to 280 seats. The Liberal Democrats had 272 seats in the House that Sato dissolved Dec. 2 after his triumphant return from talks with President Nixon in Washington.

## Baby Born As Dope Addict!

TUCSON, Ariz. (AP) — Doctors say an infant showed the classic signs of heroin withdrawal less than a day after he was born: restlessness, running nose, tiny legs drawn up to abdomen in response to severe stomach cramps.

The infant, a heroin addict at birth, was born earlier this month at the Tucson Medical Center, hospital officials revealed Friday.

The infant's mother and father, both Yaqui Indians in their late 20s, became addicts after their fourth child was born about three years ago.

Dr. Milton Semoff, a pediatrician, said the mother told him of her and her husband's addiction. After 15 days of treatment, the baby seemed to have recovered. He said the baby should be able to live a normal life.

"She told me if she didn't have a fix for two or three days during pregnancy, the baby would start kicking violently," the doctor said.

The infant left the hospital three days before Christmas to live with his grandmother in Tucson, Semoff says. In return for releasing the baby, hospital authorities made the couple agree to undergo treatment for their addiction at another Tucson Hospital.

"I think if the baby we had at the clinic is not put into a situation where the usage of drugs is a common thing, he will have no more chance of becoming a narcotic addict than any other human being. But if you return him to an environment conducive to drugs, chances are he will return to that," Semoff said.

He said, however, some other physicians believed the effects of such addiction are lasting.

WNMR-TV Using Series

# 'Sesame Street' Aimed At Preschool Children

MARQUETTE — Since Nov. 10, Northern Michigan University's WNMR-TV has been broadcasting a revolutionary educational television series, entitled "Sesame Street."

The hour-long program is shown at 9:45 a. m. and 5:30 p. m. each weekday, and is designed to prepare preschool children for formal classroom education by instructing them in such subjects as the alphabet, numbers and geometric shapes, and by helping them develop sound thought processes through exercises in problem solving.

Produced by the Children's Television Workshop of National Educational Television, the project was funded primarily through the U. S. Office of Education, Carnegie Corpora-

tion and the Ford Foundation, providing approximately \$8 million for the two-year research and production project.

**On 160 Stations**  
Aimed at the 12 million three, four and five-year old children in the United States, the basic goal of the project is to investigate and demonstrate the potential of television as an effective means of helping prepare preschool children for formal education through teaching of certain selected basic skills.

The programs shown to date have received near unanimous acclaim from educational writers and television reviewers throughout the country. It is presently being carried by more than 160 public television stations throughout the country. Even children enjoy it.

Yet, many parents and their children know little or nothing at all about this new program, raising the question as to just what "Sesame Street" is all about.

**Cartoons Used**  
A pop-art-type animated cartoon "Official" conducting a rocket countdown is rocked by a premature blast-off.

Another mod-scene cartoon man suggests that the letter "B" stands for Butterfly and is himself instantly snared by a huge butterfly net.

Elsewhere, round things wheel and pulsate in time with finger-snapping bright music. These are some early pieces of the unique experiment found in this television production.

Children's Television Workshop is producing 130 of the hour-long programs to fill a 26-week series.

**Plenty of Action**  
"Sesame Street" producers borrow heavily from the proven attention-getting, entertaining and "teaching" elements of commercial television. Where children are concerned, this means such things as plenty of fast action, cartoons, sing-along-memorable jingles and humor.

And repetition. Animated film spots about letters and numbers, for example, will be repeated many, many times during the series, just as toy, toothpaste and other commercials are repeated on non-educational channels.

Each new production approach for the show is thoroughly discussed with and researched by the Workshop's

professional research staff before being okayed for inclusion in the series. The creative people of production and the academic - oriented researchers operate on a co-equal basis.

**"Man From Alphabet"**

One current potential program element—yet to be tested on preschool viewers—is a comedy adventure in education called "Man from Alphabet." Gary Owens, the announcer on Laugh-In, is a featured player. Guest appearances by such star-caliber performers as Carol Burnett, Lou Rawls, Dick VanDyke and Harry Belafonte also will be made.

Although the show is being developed for preschool children, it also will contain many things designed to appeal to adults—such as some of the guest stars. However, none of the adult appeal will be at the expense of the primary goal of helping to educate children.

The main reason for including adult interest is so that mothers can enjoy watching with their youngsters. Those who do, will be better equipped to help the show teach their children such necessary basic skills as letters, numbers and vocabulary.

**Guide Offered**

With this in mind, the program also offers a Parent-Teacher Guide to Sesame Street, which may be obtained by sending \$2.00 to Guide, Box 9070B, St. Paul, Minn. 55177.

Dozens of different production projects have been farmed out to art studios and filmmakers throughout the nation. Along with cartoon-type animation, many "live-action" films also are being produced, including such subjects as how plants and animals grow and how changing seasons affect the world.

At least three permanent adult "hosts" will be cast for the show—male and female, black and white. They'll help weave together and add perspective to the various educational elements of each show.

## Skating Rinks Open Next Week

City skating rinks will not be open until sometime next week, according to an announcement today by the recreation department. Although this week's cold weather was ideal for flooding, crews were hampered by frozen water pipes after each night's freezing temperatures. Flooding will be continued over the weekend if the skating areas are cleared of snow.

A coal heater of the old heatola type is needed for one of the shelter houses at Royce Park and anyone interested in selling this kind of a stove is asked to call 786-3551 or 786-1083.

The Danforth Ski Hill will be open for public skiing and tobogganning Sunday afternoon from 1:30 to 4:30.

## Snowmobile Flips; Driver Is Injured

State Police of the Gladstone Post have been busy with investigations involving a variety of complaints, plus the investigation of a snowmobile accident in which a Rapid River man was injured.

John "Jack" Miller, 37, Rapid River restaurant operator, suffered a broken left shoulder blade when he was thrown from a snowmobile when it tipped at 3 p.m. Wednesday on County Road 411 about one mile west of FFH 13, north of Nahma Junction. Miller was treated at the Dehlin Clinic in Gladstone.

Floyd Rader, 33, of Bark River Rte. 1, received cuts on the face in a traffic accident at 11 p.m. Wednesday in Wells. Officers said he lost control of his vehicle and hit a tree. He was issued a traffic court summons for failing to report the accident and for violation of the basic speed law — too fast for conditions.

District Court issued a bench warrant for the arrest of Harold Tetty, 19, of Rapid River, for failing to answer to three

summonses. The warrant was served by State Police yesterday — along with a fourth notice for ignoring the prior summonses. Tetty posted \$30 cash bond for his appearance in District Court Dec. 31.

An Escanaba motorist, Sheldon Ahola, 30, of 610 S. 13th St., was arrested at 12:20 a.m. today and charged with driving while under the influence of intoxicants.

Ahola drove his car from 3rd Ave. N. in Escanaba into U.S. 2 and into a snowbank in front of the State Police patrol car. He was lodged in jail and was to post bond today for his appearance in court.

Edward Brzozowski, 47, of Iron River, suffered cuts on the face and mouth when he lost control of his car on a curve on County Road 569, one mile north of U.S. 2 in Bark River Township and hit a telephone pole. The accident was at 9:40 a.m. Friday and officers issued a summons for driving too fast for conditions.

Two car-deer accidents were reported to State Police, both on U.S. east of Rapid River. David Wood of Manistique hit a deer at 4:30 a.m. Dec. 26 and Joseph Noyes of Midland struck a deer at 11:45 p.m. on Dec. 25.

Traffic court notices have been issued by State Police to Eugene Folick, Carney, careless driving; Robert Pangborn, Munising, violation of the basic speed law; and to John Doucette, Rapid River Rte. 1, no operator's license.

## City's Only Plane Quits For Winter

LUDINGTON (AP)—The only commercial airline in Ludington has suspended service until next spring.

Robert Wildman, of Miller Airlines, said he "regretted the cancellation of service, but it wasn't worth the drive through the snow for one passenger a day."

The travelers from this Lake Michigan City will now be forced to use buses and car ferries.

Summer airline volume was as high as 30 people a day from the Ludington, Grand Rapids, and Muskegon area.

## Tax Guides Ready For Area Farmers

Joseph Heirman, Delta County extension director, said today that his office has copies of Income Tax guides for farmers available at his office for farmers who want a copy for filing their returns.

"You have until Feb. 15 to file the return unless you want to file an estimate by April 15," Heirman advised area farmers. "If you do this, then you can extend your time for filing until April 15. Our suggestion is to file the actual return rather than spend a lot of time on a reasonably accurate estimate return and then have to file an accurate return by April 15."

## Ski Hill To Open Sunday

The city-sponsored winter sports area at Danforth will open on Sunday afternoon at 1:30, it was announced today by the recreation department. The ski tows will be in operation until 4:30 p.m.

Thorald Papineau, who designed and directed installation of the original facilities at the hill, will be in charge of the rope tows and equipment, Mike Nelson will supervise activities on the slopes and in the toboggan bowl. He will be assisted by Paul Woolford and Joe Vogel along with members of the Escanaba Ski Patrol.

Beginning next week the tows will operate on Wednesday nights from 7 to 9:30 except on New Year's Eve. Weekend skiing is scheduled for Saturday and Sunday afternoons from 1:30 to 4:30. Additional hours of skiing will depend on the amount of snowfall and the number of skiers on the slopes each period. In the past, safe skiing has been possible three times a week. Lessons for beginners will be available next month if there is sufficient interest.

Three ski slopes and two rope tows are ready for use this year in addition to a large bowl for tobogganing, sledding, and sliding on saucers. A small jump has been prepared for novice skiers and a larger jump can be used by experienced skiers. Distances of 50 to 75 feet are possible from the large jump.

Ski enthusiasts are reminded that the road to the hill is generally slippery throughout the winter. The recreation department suggests that drivers call 786-3551 or 786-1083 after a storm to see if the road has been plowed.

## C. A. Johnston Taken By Death

Charles A. (Chuck) Johnston, 65, of 711 Ludington St. died at 3:05 p.m. Friday at St. Francis Hospital after suffering a heart attack in the morning while shoveling snow at his place of business.

**Morning Press Employee**  
Charles Johnston was born Feb. 3, 1904 in Marinette, Wis., and his family moved to Escanaba in 1906. He began working for the Escanaba Morning Press in 1917, the same day as Hal Rammel, a famed editor of the Press, who wrote a column, "Abner Bangs of Misery Bay."

He worked for the Press three times for a total of about eight years and was also employed by the Munising News, Brown & Bigelow and Brown Blodgett & Sperry in St. Paul.

**Bought Print Shop**  
Mr. Johnston bought Gus Trotter's Escanaba Print Shop in April of 1929 and had operated it as Johnston's Print Shop since that time. He was a member of St. Stephen's Episcopal

Charles A. Johnston Church, the Highland Golf Club, Elk's, Eagle's and the International Typographical Union, 278.

## Scientists Back Probe Of UFOs

BOSTON (AP) — After 22 years, the U.S. Air Force has given up its investigation of UFOs—Unidentified Flying Objects—but a scientific debate continues.

UFOs were the topic of a symposium today at the annual meeting of the prestigious American Association for the Advancement of Science.

"Scientists of the 21st century will look back on UFOs as the greatest nonsense of the 20th century," declared Dr. Donald H. Menzel, Harvard University astronomer.

Dr. J. Allen Hynek, Northwestern University astronomer, countered: "We in the 20th century may be as far away from a solution of the UFO problem as 19th century physicists were from an interpretation of the Aurora Borealis (northern lights)."

Both men have served as consultants during Air Force investigations of UFO reports. Dr. Hynek served almost from the inception of the project.

The Air Force, saying it found UFOs no threat to national security, closed its study just last week.

Dr. Menzel, who believes that most if not all UFO reports have a natural explanation, said: "I can't walk around the block without seeing at least one and sometimes several of the basic stimuli that people have reported from time to time as a bona fide UFO."

# U.P. Catholic Appeal Reaches 75% Of Goal

MARQUETTE—Returns from the 2nd annual Upper Peninsula Catholic Services Appeal reveal a pledge total of \$544,766, or just over 75 per cent of the Appeal budget.

John LaHaie, UPCS office manager, reports a total of 13,893 pledges or paid-in-full contributions, a decline of 12 per cent from last year.

Fifteen parishes—including St. Patrick's of Escanaba and St. Anthony's of Wells—topped their goals and several others registered significant improvements over last year, LaHaie said.

St. Jude's of White Pine with Fr. Patrick Wisneske as pastor led in percentage, reaching 117.5 per cent of its goal. The top dollar contribution

came from St. Peter's Cathedral, Marquette, with \$20,612. St. Joseph's parish of Escanaba reported \$20,405.

St. Patrick's parish of Escanaba attained 106.1 per cent of its \$15,000 goal with \$15,919 pledges or contributions. St. Anthony's reached 102.1 per cent with \$8,171 and an \$8,000 goal.

## Pledges Listed

The report reflects receipts through Dec. 15.

Last year, receipts topped \$720,000.

Area parishes with goal in parentheses:

St. Patrick's, Escanaba, \$15,919 (\$15,000); St. Anthony, Wells, \$8,171 (\$8,000); All Saints, Gladstone, \$15,361 (\$16,500); St. Andrew's, Nahma, \$2,967 (\$3,200); St. Rita's, Trenary, \$2,582 (\$3,000); St. Joseph's, Escanaba, \$20,405 (\$25,000); Sacred Heart, Schaffer, \$3,502 (\$4,000); St. Anne, Escanaba, \$12,177 (\$15,000); St. Michael's, Perronville, \$3,414 (\$4,500); St. Mary's, Hermansville, \$3,221 (\$4,300); Holy Family, Gladstone, \$5,471 (\$7,500); St. Bruno, Nadeau, \$4,247 (\$6,200); St. Joseph's, Perkins, \$1,837 (\$3,000); St. Francis Xavier, Spalding, \$4,283 (\$8,000); St. Charles, Rapid River, \$2,406 (\$4,500); St. Francis de Sales, Manistique, \$9,450 (\$18,000); St. John's, Garden, \$2,575 (\$5,000); St. Thomas, Apostle, Escanaba, \$5,977 (\$12,000); St. George, Bark River, \$2,985 (\$6,000).

## Bishop Thankful

Most Rev. Charles A. Salata, Bishop of the Marquette Diocese, said he is "deeply grateful to all who worked on and/or contributed to this year's Annual U.P. Catholic Services Appeal. My special thanks to the priests in the Diocese for their support."

"It is with regret that I note that with all returns substantially in, the total in cash and pledges in this year's Appeal amounts to \$544,000. Not even allowing for shrinkage due to deaths, moving, etc., this amount comes to only 74 per cent of the budget of \$722,000," the bishop said.

"On this basis it will be necessary to restudy the program budgets and to revise them downward wherever possible to bring them in line with anticipated income. There will have to be a retrenchment in some areas. Needless to say, we will do our best to keep the programs operating as effectively as can be expected under the circumstances."

## Briefly Told

Escanaba police have issued traffic court notices to Michael R. Benoit, 1017 N. 20th St., failing to exercise due care; Randall C. Anzalone, 1523 11th Ave. S., improper backing; Deborah Cleary, 303 Stephenson Ave., failing to exercise due care; and to Dennis D. Tiberger, 1502 Wisconsin, Gladstone, failing to exercise due care.

Lawrence Knauf, Farmers Supply, 717 Stephenson Ave., reported to city police at 1:25 p.m. Friday that his son, Kenneth, 14, was injured when he struck a trash can while testing a snowmobile at Farmers Supply. The extent of the injury was not reported.

# Abernathy Aids In Tennessee Hospital Rift

MEMPHIS, Tenn. (AP) — A 12-week strike against St. Joseph's Hospital has been called off by union leaders and the union rank and file has voted to return to work Monday morning.

The Rev. Ralph David Abernathy announced the strike's end Friday on the steps of the Criminal Courts Building. Abernathy, chairman of the Southern Christian Leadership Conference, and four other ministers were released from jail on \$1 bond each.

The strike had been called after the hospital and the State, County and Municipal Employees Union could not agree on what classes of nonprofessional employees should take part in a union representation election. Most of the strikers are Negroes.

The Most Rev. Joseph A. Durick, Roman Catholic bishop of Tennessee, had called for the union and hospital to end the strike and asked the hospital to accept striking workers back without reprimand while the dispute was handled through mediation.

The union has said 175 to 200 workers struck the hospital. Hospital officials say the number was closer to 80.

Abernathy and the four other ministers were jailed when they refused to post the token \$1 bonds after being indicted on charges of encouraging Negro children to boycott classes in Memphis schools and take part in protest demonstrations.

The demonstrations were called by a Negro coalition in support of the hospital strike and to apply pressure on the city's school board to win a greater voice for Negroes in the administration of the school system.

Abernathy called his eight-day stay in jail "a mountain top experience ... the greatest Christmas of all the days of my life."

The school boycotts ended after the Memphis chapter of the NAACP withdrew from the coalition. A biracial committee subsequently agreed on a pattern for settling the school dispute. Under it, two Negroes were named to advisory posts on the all-white, elected school board. Legislative action also was begun to change the formula for electing board members so Negroes will be assured of membership.

## Garden Peninsula Broken Legs

Mrs. Eleanor LaButte of Garden, Press correspondent for that area reported an unusual incident on Friday. Norman LaButte of Kates Bay had left his home on his snowmobile to cut wood and on his way saw Mrs. John Lester of Kates Bay, who said she was taking a sleigh to pick up her daughter who had fallen from a horse and had broken her leg.

Mr. LaButte offered to go with his snowmobile and so proceeded to the site and brought the girl (Margaret Lester) back to her home. He was just on his way again when his snowmobile turned over on him and he broke his leg.

This happened near the Lester home, so Margaret's father transported both his daughter and Mr. Lester to the Schoolcraft Memorial Hospital, where they are now patients.

# Billy Graham Takes Part In Rock Fete

HOLLYWOOD, Fla. (AP) — The Hollywood Rock Festival, featuring 72 continuous hours of music and an appearance by evangelist Dr. Billy Graham and 150 other clergymen, opened early today.

The music began at midnight Friday in 50-degree weather for 1,500 rock enthusiasts who had paid as much as \$20 a ticket for the entire 72-hour show.

Rock groups including The Turtles and The Amboy Dukes played during the early morning hours while some in the audience enjoyed the show from tents they had pitched on the festival grounds or from around camp fires.

Others scheduled to play during the festival included The Grateful Dead, the Vanilla Fudge, Canned Heat, The Paul Butterfield Blues Band, The Band, Johnny Winter, blues guitarist B.B. King and something called The New Japanese Anti-Sterility Movement.

The Rev. Graham and the other clergymen were scheduled to appear Sunday to speak and mingle with the crowd. In a telegram sent to festival promoter Norman Johnson this week, Graham said: "I really dig this generation of young people—they are great."

Local police had devised elaborate measures to keep order on the grounds and prevent the use of narcotics.

The Broward County Commission last week passed an emergency ordinance allowing sheriff's deputies to stop and frisk festival goers without the use of warrants.

However, police made little use of the emergency measure at the festival opening. They also ignored the pitched tents and camp fires which also had been banned.

Three staging areas were set up for spectators to gather and be taken by bus the eight miles

to the festival grounds. Other traffic on the only thoroughfare to the grounds, a narrow two-lane road, was blocked.

State conservation patrols were to keep surrounding swampland under surveillance to prevent drug traffic infiltrating onto the grounds.

An earlier search of the grounds by dogs trained to sniff out marijuana turned up only "a couple of packets" according to Sheriff Ed Stack.

His men arrested four persons earlier Friday. Three were arrested on narcotics violations, the fourth for disorderly conduct.

Johnson said he expected a total of 35,000 persons to attend the festival during the 72-hour run. He said advance sales were hurt by legal problems which put the festival on an on-again, off-again basis.

## Names Of POWs To Be Pulished Soon: Cera Weiss

LOS ANGELES (AP) — Cora Weiss, a leader of the Women's Strike for Peace, says the State Department has told her it plans to publish Tuesday the names of all American servicemen known to be held captive by North Vietnam.

Mrs. Weiss told the Los Angeles Times Friday her information came from an unnamed State Department official.

However, in Washington, a spokesman for the State Department said today: "We and the Defense Department do maintain a list of the status of men missing and believed held prisoner in Vietnam, but I have no information at this time about any planned announcement."

Mrs. Weiss returned last Sunday from a two-week trip to North Vietnam. During her visit, she said, she was permitted to enter a detention camp, where she visited with three American prisoners and picked up letters for mailing to the families of 131.

## Loan Firm Given Bank's 'First Aid'

YOUNGSTOWN, Ohio (AP) — The Home Savings & Loan Co. here had to get a loan from the Union National Bank in order to cash customers checks because of an overly safe safe.

A spokesman said that the vault's timing device failed to operate on time to open it Friday. He said the timing apparently was not properly sequenced for the holiday period.

## Flu Cases Jam London Hospitals

LONDON, (AP) — London hospitals, jammed by a wave of influenza cases, went on emergency status today.

Only the most urgent non-flu cases will be given beds in the 200 hospitals in the London area.

The hospitals dealt with 186 emergency flu and bronchitis admissions on Christmas Eve and 107 on Christmas Day.

Since Dec. 16 hospitals had been on a yellow alert which stopped all but urgent admissions. Today's red warning puts the hospitals on full emergency basis.

The government said 294 persons died of the disease in Britain in the week before Christmas and 52 the week before that. Statistics for this week have not been announced.

## Russian Ships Arrive At Aden

ADEN (AP) — Two Soviet warships, including a destroyer, arrived at Aden today on an official visit to the South Yemen capital. Three Soviet warships called last month. Two Egyptian destroyers which arrived on Nov. 28 still are here.

# Raid Reported By Commandos On Suez Gulf

TEL AVIV (AP) — An Israeli commando force supported by aircraft struck an Egyptian army post on the Suez Gulf during the night and returned with four captive Egyptian soldiers, the military command said today.

The Israelis claimed inflicting "several casualties" on the Egyptian defenders. They said one Israeli soldier was slightly wounded.

A spokesman said the raiding force hit Ras Ghareb, an Egyptian army post on the Suez Gulf about 115 miles south of Suez City. The gulf at that point is about 17 miles wide. The Israelis hold the eastern shore.

Israeli planes gave cover for the raiders by hitting military objectives in the area, a spokesman said. He added all planes returned safely.

The Israelis gave no further details on the size of the force or how the commandos reached their objective.

It was the second land penetration of Egypt by Israel in five days. Last Monday an Israeli command unit hit Safage more than 100 miles to the south on the Red Sea.

The abduction of the four Egyptians was seen in Tel Aviv as a reply to a Dec. 15 Egyptian commando strike across the Suez Canal. The Egyptians ambushed an Israeli army vehicle, killing one soldier and taking a lieutenant captive back into Egypt, the Israelis charged.

Until that raid, neither Egypt nor Israel reportedly held any prisoners of war. The state had been wiped clean in a three-way prisoner swap, which also involved Syria, early in December.

The Israelis now could be expected to offer the four Egyptians in exchange for the return of the Israeli officer.

# Chicago Trial Set Monday

CHICAGO (AP)—The trial of seven men charged with conspiracy to incite riots during the 1968 Democratic National Convention was recessed until Monday because of the illness of one of the defendants.

Abbott "Abbie" Hoffman, 33, has acute bronchitis, according to testimony given Friday by chest specialist Dr. Joseph Freilich, who examined Hoffman at the request of the prosecution. Dr. Freilich said Hoffman seemed to be recovering with no apparent complications and should be up and about Monday.

Hoffman failed to appear in court Wednesday, thus interrupting proceedings. His physician, Dr. Quentin Young, testified that Hoffman was suffering from bronchial pneumonia. Hoffman was to be on the stand for another day, according to defense attorneys.

Because of the delay, Mayor Richard J. Daley, who has been subpoenaed as a defense witness, most likely would not testify until Tuesday, attorneys said.

## Italian Premier Calls For Unity

ROME (AP) — Premier Mariano Rumor acknowledged today the weakness of his minority Christian Democrat government and appealed anew for the return of a "center-left" coalition.

The center-left formula, an alliance of Christian Democrats, Socialists and Republicans, ruled Italy from 1962 until last August, with the exception of a few caretaker governments.

Rumor compared his five-month old government to "a man who has a foot on the ground and the other in the air, not knowing where to put it."

Political sources indicated a meeting to form the coalition would be held in the first few days of January. Rumor made a plea for a majority government after terrorist bombings in Milan and Rome killed 15 persons and injured more than 100, last Dec. 12.

The last center-left cabinet broke up last summer when the Socialist part split in two, mainly over the issue of relations with Italy's large Communist party.

## Snowmobile-Car Mishap Kills Two

SAULT STE. MARIE, Ont. (AP)—Two 43-year-old women were killed Friday when their snowmobile and a car collided on a rural road on the city's outskirts.

The dead were Suoma Kauppinen and Vieno Nenonen, both of Sault Ste. Marie. William Dauer, 18, of Toledo, Ohio, driver of the car, escaped injury.

# Cliffs Increases Iron Ore Prices

The Cleveland-Cliffs Iron Co. announced today that its 1970 prices for iron ore pellets will be increased from 25.2 cents per unit of iron to 26 cents, an increase of 3.2 per cent.

Cliffs also announced that its prices for Lake Superior natural ores will be increased 25 cents per gross ton, which equals the increases in transportation and handling charges on the Mesabi Range.

Cliffs' 1970 base prices for delivery at rail of vessel at lower lake ports, effective January 1, will be as follows:

Lake Superior Iron Ore Pellet — \$26 per unit iron natural. Lake Superior Natural Iron Ore 51.50 per cent Iron Natural: Mesabi Non-Bessemer — \$10.80 per gross ton; Mesabi Bessemer — \$10.95 per gross ton; Old Range Non-Bessemer — \$11.05 per gross ton; Open Hearth Lump — \$12.60 per gross ton.

For coarse ore, there will be a structure premium of \$.80 per gross ton and for fine ore, there will be a structure penalty of \$.45 per gross ton.

The above prices are based on Cliffs' 1970 lake vessel rates which are as follows: Head of Lakes to Lake Erie — \$2.05 per gross ton; Marquette to Lake Erie — \$1.54 per gross ton; Escanaba to Lake Erie — \$1.54 per gross ton; Escanaba to Chicago — \$1.23 per gross ton.

Any further increases in transportation and handling charges during 1970 will be for the account of the buyer, Cliffs said.

Samuel K. Scovil, vice president,

ident-sales, said the increase in the price of pellets amounts to 50 cents per gross ton based on a ton of pellets containing 63 per cent iron natural.

"This increase," he said "reflects Cliffs' increase in 1970 vessel rates and 1969 increases in rail transportation and handling costs which, as we announced in early October, would be for the account of the buyer." He said that the balance of the increase is due to a revaluation since October of the position of the iron ore industry.

"Our new 1970 pellet price is the first increase since 1962. Our 1970 natural ore prices are still 65 cents per ton below 1957 levels. In comparison, prices of other basic material have increased as follows: copper, 62 per cent; nickel, 58 per cent; molybdenum, 37 per cent; and zinc, 18 per cent.

# Five Children, Mother Victims Of Home Blaze

BERKELEY TOWNSHIP, N.J. (AP) — A mother and five of her nine children died early today when fire swept their apartment in a one-story wood frame house. Local authorities were in the process of condemning the structure.

Mrs. Alfreda Small, 32, and the five children were dead on arrival at Community Memorial Hospital, Toms River.

Two other boys were reported living here with relatives, a daughter spent the night at a friend's home and another son was away, visiting relatives in North Carolina.

Fire Chief Charles Griffin of the Manitous Park Fire Company said the fire appeared to have followed the explosion of a kerosene space heater in the kitchen.

All six victims were found jammed against the front door of their apartment, one of three in the building, police said. The other two apartments were vacant.

Police said the four room apartment was being condemned because of inadequate sanitary facilities.

Dr. Edward L. R. Elson, pastor of The National Presbyterian Church in Washington, D. C., is the 59th Chaplain of the United States Senate. He is the 10th of The National Presbyterian Church (dating from 1794) to be elected to the Senate chaplaincy.

# Death Claims B. Strahan, 85

Bernard Strahan, 85, a former Wells resident, who resided at the Bishop Noa Home died at 2 a.m. Saturday at St. Francis Hospital. He had been in ill health for three months.

He was born March 18, 1884 in Sturgeon Bay, Wis., and had resided in Wells for many years. Mr. Strahan had lived in Escanaba for the past eight years. He was a member of St. Thomas Church and was a former employee of the I. Stephenson Co.

He is survived by his widow, the former Anna Klaubauf; one son, Joseph of Escanaba and one daughter, Mrs. W. E. (Marie) Anderson of Cleveland, Ohio; one brother, Joseph of Sturgeon Bay, Wis., five grandchildren and two great grandchildren.

Friends may call at the Allo Funeral Home Sunday from 7 to 9 p.m. and parish prayers will be recited at 8:15 p.m. Complete funeral services will be held at St. Thomas Church at 10 a.m. Monday with the Rev. Arnold Thompson officiating and burial will be in Gardens of Rest Cemetery.

# Charge Youths With Gas Theft

Charged with larceny of gasoline from trucks at the Jaeger Garage, 700 N. 24th St., in Escanaba on Wednesday afternoon are Harold M. Hillin, 19, Rock and Ormal Posenke, 19, Escanaba Rte. 1.

They were arrested by Escanaba police on Friday and are at liberty on their own recognizance to appear in District Court on Monday. Officers said the youths are charged with taking a total of 20 gallons of gasoline.

## Agnew Says

## Economic Balance In Asia GOP Aim

HONOLULU (AP) — Vice President Spiro T. Agnew says the Nixon administration wants Asian nations to "develop an economic balance and self-sufficiency so that it will be unnecessary for the United States to step in if things go wrong."

But Agnew told reporters as he launched his 10-nation, 37,000-mile trip Friday that he plans to emphasize, in bilateral talks with Asian leaders, the intention of the United States to stand by its treaty obligations.

Agnew spent the night here on the first leg of a transpacific hop that takes him today to Guam and then on to the Philippines for Tuesday's inauguration of President Ferdinand E. Marcos.

Adm. John S. McCain Jr., commander of U.S. forces in the Pacific, and his chief of staff, Lt. Gen. Michael Davidson, planned to brief the vice president at a breakfast session, the only scheduled event of his 19-hour stay here. Details weren't disclosed.

About 30 minutes after the vice president's plane, Air

Force Two, took off from Washington on its flight to Hawaii, Agnew visited the rear cabin to chat with newsmen on the political and diplomatic aspects of his trip.

Asked about the Senate's rejection of the foreign aid bill because it included \$54.5 million in unbudgeted and unauthorized funds to buy military jets for Formosa, Agnew said: "It will be my purpose to reassure (Nationalist China's President) Chiang Kai-shek that this does not represent any weakening of our treaty commitment."

Agnew said the Nixon doctrine, outlined by the President at Guam on his Asian trip last July, includes a pledge to stand by U.S. commitments, a nuclear shield against threats to Asian nations and the stimulation of economic growth and regionalism.

"We expect them to handle insurgency within their own borders with their own people," he said, adding that "in the event we determine that any action against them threatens the general economy of the Asian hemi-

sphere, we will support them with material and other forms of assistance."

But he said any decision on whether such aid would include U.S. troops would have to be made at the time by the President.

Agnew also volunteered a comment that North Vietnamese officials in Paris engaged in "absolutely, totally reprehensible conduct", in dealings with a group of American women seeking information about husbands missing in Vietnam.

Later, during a refueling stop at Travis Air Force Base in California, Agnew was asked about the possibility he may visit Vietnam.

"I can only hope there is some way we can work it in," he said.

In Manila, several radical organizations announced plans to demonstrate in front of the U. S. Embassy during Agnew's visit.

## Norway Denies Gunboat Deal

PARIS (AP) — The Defense Ministry said today a Norwegian oil shipping service had purchased five gunboats once ordered by Israel, but the Norwegian foreign ministry denied any knowledge of the deal.

The Norwegian Foreign Ministry told the French Embassy in Oslo that such gunboats are not registered in Norway and consequently have no right to carry the Norwegian flag.

In an official statement the ministry said the five gunboats, according to press reports, left Cherbourg Friday under the Norwegian flag.

The gunboats originally were built for Israel by a French yard before France embargoed all arms exports to Israel.

An official at the Israeli embassy said the boats had been "sold," then modified his statement to: "We have renounced our interest in them."

The gunboats are 147 feet long, weigh 270 tons and have a range of 1,600 miles. Originally, Israel bought 12. France delivered seven of them before former President Charles de Gaulle imposed the arms embargo earlier this year. The action also prevented delivery of 50 Mirage jet fighters for which Israel had paid.

THOMAS M. RYAN, son of Mr. and Mrs. Herbert E. Ryan of 700 S. 21st St., Escanaba, shown above with some of his watercolor renderings, will graduate from the Interior Dept. of the Kendall School of Design in Grand Rapids on January 13. He attended Bay de Noc Community College for two years before beginning the three year Interior course at Kendall. Ryan is a student member of the American Institute of Designers and the National Society of Interior Designers. Upon graduation, he will be employed in the San Francisco Bay area.

## Thieves Pilfer Ironwood Flags

IRONWOOD — Twas the night before Christmas and all over the range, not a creature was stirring — except for a collection of misanthropes in Ironwood and Bessemer who threw cold water on the work and contributions of many persons.

Sometime between Tuesday night and Thursday morning 20 of Ironwood's 96 international flag street decorations and eight of Bessemer's 43 were taken by thieves.

One of Ironwood's flags was recovered in the possession of James R. Wilson, 20, and James J. McHugh, 19, both of Ironwood, who were arrested by Ironwood police and charged with disorderly conduct. They will appear in District Court on the charge Dec. 31.

Just Arrived The thefts prompted the speedy removal of the rest of the flags by city crews in Ironwood to prevent further thefts. The long awaited flags arrived here Tuesday and were quickly erected.

The arrival was felt to be particularly opportune in Bessemer as they arrived just in time for that community's Winterfest celebration this weekend.

The flags were mounted on poles on utility poles throughout the business districts of both communities.

Although mounted higher on the poles in Bessemer, the determined thieves there apparently pulled them down with ropes.

Funds for the flags, which cost \$11-15 each were raised through donations made by local merchants.

## Official Upset

In Bessemer, chamber of commerce president William Maccani said. "A lot of people spent a lot of time and money on these flags and I intend to see that whoever is responsible for this is caught and fully prosecuted. If juveniles are responsible, their parents will be prosecuted."

Both Maccani and Ironwood Chamber of Commerce spokesmen said the flags could be returned without prosecution of the thieves if they are left between the doors at the Ironwood Chamber office or at the Bessemer Herald office.

## NEW EPISCOPAL BISHOP

BELFAST, Northern Ireland (AP) — Dean Cuthbert Irvine Peacocke of Belfast has been elected to succeed Dr. C. J. Tyndall as Bishop of Ireland (Episcopalian) Bishop of Derry and Raphoe. The Dean, who is 66, is a son of the Rt. Rev. Joseph Peacocke, who was Bishop of Derry and Raphoe from 1916 to 1945. He is a graduate of Trinity College, Dublin, and long served as clerical secretary of the General Synod of the Church of Ireland.

## Accused Slayer Of Three Faces Quick Return

CARBONDALE, Ill. (AP)—Illinois officials say they expect a quick return from Tennessee of Kenneth Rogers, 26, charged with the murder of his wife, a teen-age girl and another woman.

Rogers was arrested in Covington, Tenn., Friday. Officers said Rogers waived extradition while in a Covington hospital where he was being treated for a deep cut in his left wrist. He was listed in good condition.

Officers said Rogers had told them he had tried to kill himself.

Rogers was sought in the deaths of his bride of three months, Wilma, 22; her companion, Miss Barbara Case, 25, and Lisa Levering, 14, a Carbondale high school freshman.

The bodies of his wife and Miss Case were found in the Rogers' trailer near Carterville, Ill., Christmas Day. The body of Miss Levering was found Dec. 1 on a rural road near Carbondale.

Rogers is being returned to Illinois from Tennessee on a charge of murdering Miss Levering "while committing the forcible felony of rape," said Richard Richman, state's attorney for Jackson County, Tenn.

Tennessee Highway Patrol Lt. Jerry Simmons said Rogers, a painter and assistant manager of a Carbondale bookstore, was unarmed and offered no resistance when captured.

Miss Case's car was found Thursday near Ripley, Tenn., the front seat and floor spattered with blood.

Sheriff Lewis Gitchell of Lauderdale County said a handwritten, unsigned note found in the car said: "I killed Lisa Levering. I killed Barb and my wife. I am sick, very sick."

## FIRST CHAPLAIN

LINCOLN, England (AP)—Several dioceses of the Church of England now have industrial chaplains, but Bishop Kenneth Riches of Lincoln is the first to appoint an agricultural chaplain to work exclusively among farmers. The Rev. Alan Taylor, 36, vicar of Morton, near Gainsborough, has been given the job. He is to build up contacts with farmers' organizations and the young farmers' clubs, besides keeping clergy and laity of the diocese informed of farm problems in this mainly agricultural area.

## Slash In Fares Boosted Traffic Over 'Big Mac'

ST. IGANCE—The 60 per cent slash in fares and the increase in traffic stimulated by it were the outstanding events at the Mackinac Bridge during 1969, according to Prentiss M. Brown, chairman of the Mackinac Bridge Authority.

"When passenger car rates were cut from \$3.75 to \$1.50 on January 1, 1969, with proportionate reductions in other classes of vehicles, it marked a milestone in the modern history of Mackinac Straits automobile traffic which began soon after the turn of the century when the railroad ferries started transporting gas buggies for about \$16 per passage," said Brown.

"Traffic for 1969 (last 15 days estimated) is up 21.6 per cent over last year, from 1,506,789 to 1,832,186 crossings, an increase of 325,397 vehicles."

"Revenues are up nine-tenths of one per cent from \$6,658,725 to \$6,721,602, an increase of \$62,877. Included in 1969 revenues is a Legislative appropriation of \$3,500,000 to subsidize revenue losses due to the fare reduction."

## Bonds Purchased

"The Authority's net revenues for 1969 have been more than adequate to cover all requirements under its contract with the bondholders. In fact, during 1969, \$5,005,000 of outstanding bonds at par value were purchased in the open market at a cost of \$4,160,630, a savings of \$844,370. Had these bonds been called instead of purchased in the open market, their call price would have been four percent over par. Thus, another \$202,000 may be added to the savings achieved."

"Since the Authority began retiring bonds in 1965, \$10,992,000 have been purchased in the open market. The premiums on these bonds, had they been called, would have been \$499,500, making their total price \$11,491,500. Actually, they were purchased at a cost of \$9,636,275, a savings of \$1,855,224."

Bonds still outstanding total \$68,808,000. Purchases during 1970 should be about the same or better than last year, depending on the general rise and fall in bond prices," said Brown.

Passenger cars, which comprise about 77 per cent of all bridge traffic, showed an increase of 20 per cent over last year. Passenger cars with trailers, which make up 17.4 per cent of all traffic, had the largest increase of any vehicle class, up 28.5 per cent. Next largest class, 7.5 per cent of all traffic, is the 2 axle 4 tire truck, mostly pickups. This class was up 28.4 per cent.

## Painting Completed

"The summer of 1969 saw the completion of the first full repainting of the bridge, which began in 1965 with the repainting of the towers, cables, and suspender ropes. Complete paint coverage may not be required again for several years. However, bridge crews work from May until October constantly scraping and retouching steel where the paint has broken down."

Bridge personnel handled an average number of unusual occurrences this past year, although there were no lost children to recover as there have been on four occasions during the 12 years since the bridge has been open," said Brown.

## Elmer Ravet Of Spalding Dies

Elmer Joseph Ravet of Spalding, for the past two months a resident of the Menominee Nursing Home at Menominee, died there at 6 p. m. Friday. He was 57 years old.

Born Oct. 6, 1912 in Spalding, he was a woodsman and had resided in the Spalding community all his life.

Surviving are three sisters, Mrs. Keith Johnson, San Bernardino, Calif.; Mrs. Joseph Morz and Mrs. Beatrice O'Brien, both of Milwaukee; and one brother, Joseph, of Powers.

Friends and relatives may call at the Kell-Todin Funeral Home Chapel in Spalding between 4 and 9 p. m.

Funeral services will be held at 10 a. m. Monday in St. Francis Xavier Church with the Rev. Aloysius Ehlinger officiating, and burial will be in the Spalding Township Cemetery.

The parish rosary will be recited at 8 p. m. Sunday in the Funeral Home chapel.

## Knudson Shrugs Off Japanese Car Story

DETROIT (AP) — Semon E. Knudsen, former president of Ford Motor Co., said Friday there was "absolutely nothing" to reports that he was negotiating for the exclusive United States franchise for Toyo Kogyo Co., Japan's third largest auto producer.

The Tokyo newspaper Asahi Shimbun said the Japanese firm was considering a proposal from Knudsen for exclusive marketing rights in the United States for the firm's autos. They are to go on sale in the U.S. market in the Spring.

Knudsen, who was fired from the Ford presidency last year—just 19 months after he got the job—was contacted shortly after he arrived at his Palm Beach, Fla. vacation home Friday.

"I don't know anything about such a report," he said in a telephone interview. "I am down here in the sun enjoying myself," he said.

The Japanese newspaper said

Knudsen made his proposal to Koheo Matsudae executive vice president of Toyo Kogyo Co., during the latter's recent visit to the United States to discuss his firm's plans to enter the lush American market in Seattle and other West Coast areas next Spring.

"I know Mr. Matsudae. . . I have met him a number of times including a chat in Detroit on his recent visit, but there was no talk about my getting involved in the Japanese auto business," Knudsen said.

Asked what he had discussed with Matsudae, Knudsen replied, "He asked me for my appraisal of the import car market—not just Japanese cars—and we chatted about what we thought they would do in the sales race."

"We did not talk about Japanese cars per se and they did not ask me—nor did I ask them—any specific questions about the Japanese end of the market." It was just a general conversation.

Knudsen said he did not know enough about Toyo's marketing plans to know if they would be "intriguing or interesting."

"They put no feelers out to me. I put none out to them. . . there is absolutely nothing to the story," Knudsen said.

Mrs. Richard Liegeois

## Janice Y. Elsberry, Richard Liegeois Wed

St. Mary's Chapel in Ann Arbor was the setting Saturday, Dec. 20 for the wedding of Janice Yvonne Elsberry of Ann Arbor and Richard James Liegeois of Powers.

### Lace, Satin

The bride wore for her wedding a floor length Empire styled gown fashioned with a lace bodice, trimmed with hand sewn seed pearls, long bouffant lace sleeves, satin skirt and short train.

A matching lace bow outlined with pearls held her triple tiered floor length veil of bridal illusion and she carried an arm bouquet of long stemmed white roses.

### Emerald Green

The bride's aides were attired in floor length frocks of emerald green velvet styled with white lace bodices and long tapered sleeves, trimmed with white lace. They carried single long stemmed red roses.

### For her daughter's wedding,

Mrs. Elsberry wore a pink lace sheath dress trimmed in dark pink velvet with matching accessories and the bridegroom's mother chose a light green dress with matching accessories. Both mothers were presented corsages to complement their attire.

### Wedding Luncheon

A wedding luncheon was served at the University of Michigan Union following the ceremony and the newlyweds left later in the day for a wedding trip to Wisconsin and the Upper Peninsula. Upon their return they will reside at 1117 Church St., Ann Arbor.

The bride is a graduate of Gwin High School and the University of Michigan and Mr. Liegeois is a graduate of Powers-Spalding High School and the U. of M. He is presently attending graduate school at the University studying Bio-Medical engineering.

The wedding will take place Saturday afternoon, Jan. 24 at the First United Presbyterian Church with the Rev. Phillip J. Lyon officiating, assisted by the Rev. Dr. Speakman, father of the bridegroom.

## Good News For Hungry Winter Crew

Cold weather has arrived and close behind a band of happy, hungry winter lovers, ready to drop in at a moment's notice for something to take the edge off their appetite. Winter appetites demand hearty fare that can be whipped up easily and quickly.

After ski/after school crowds are a notoriously hungry bunch. While mugs of hot spiced wine (hot cocoa for the younger set) will placate them for a while, a tasty meat dish is what's needed when they gather in your home.

Hamburgers and meals built around hamburger are good stand-bys, more popular than ever when temperatures chill. Easy to keep and economical, hamburger lends itself to a variety of menu plans . . . plain or fancy.

One of the best ideas to come along is hamburger deluxe—a meat that's a festive celebration in itself, timed just right for Yuletide's planned or impromptu parties. A dash of this, a touch of that, all accented with a new taste sensation: Sunflower nuts and voilà! . . . a colorful treat to spark the season.

Sunflower nuts are the secret of the zesty dish and home economists suggest that when you try this recipe, use packaged, roasted and salted nuts.

### HAMBURGER DELUXE (Serves 6)

- 3 tomatoes
  - 1½ teaspoons salt
  - ½ teaspoon pepper
  - French dressing
  - 16 ounce package rice
  - 1 package frozen peas and carrots
  - 1 cup sunflower meats
  - 4 tablespoons butter
  - ¼ cup green pepper, chopped
  - ½ cup onions, chopped
  - 1 lb. ground beef
  - 1 teaspoon salt
  - 2 teaspoons chili powder
  - 1 teaspoon monosodium glutamate
  - 6 tablespoons catsup
- Combine and set aside tomatoes, salt, pepper and French dressing to marinate (use enough dressing to cover tomatoes). Cook the rice, peas and carrots separately before combining them. Add sunflower meats. Add tomatoes (not dressing) and keep all this hot in top of double boiler. Saute green pepper and onions in butter. Stir in ground beef, salt, chili powder and monosodium glutamate. Brown meat and stir in catsup. Put hamburger in center of platter and place rice mixture around it.

### BIBLE FOR READING

NEW YORK (AP)—Many people are put off from reaching through the Bible by all the lengthy chronologies, repetitions and historical detail.

To overcome that deterrent, Olive Pell has spent 12 years combing through the Scriptures, eliminating secondary material, and retaining the vitally relevant portions. The result is the "Olive Pell Bible," issued by Crown Publishers, a King James version reduced to about one-fifth its original length.

## Hutzelbrot Is A Holiday Bread

By The Associated Press

A holiday fruit bread called Hutzelbrot, made with yeast, comes from German cuisine. Of late it has been awakening interest in this country.

So here's an American version of the bread. In this recipe the yeast is mixed with the flour and other ingredients. It's not necessary to dissolve the yeast first and this saves a step in the making.

### AMERICAN HUTZELBROT

- 6 to 7 cups unsifted flour
- ½ cup sugar
- 1 teaspoon salt
- 1 tablespoon anise seeds
- ½ teaspoon ground cinnamon
- ¼ teaspoon ground cardamom
- ½ teaspoon ground cloves
- 2 packages active dry yeast
- ¼ pound (1 stick) butter or margarine, at room temperature
- 1¾ cups very hot tap water
- 1 cup chopped toasted, blanched almonds
- 1 cup chopped walnuts
- ¾ cup finely diced dried pears
- ¾ cup finely diced dried table-soft figs
- ¾ cup diced prunes
- ½ cup finely diced candied orange peel
- Honey

In a large bowl thoroughly mix together 2 cups flour, the sugar, salt, anise seeds, cinnamon, cardamom, cloves and undissolved yeast. Add butter. Gradually add water and at medium speed of electric mixer, scraping bowl occasionally, beat for 2 minutes. Add 1 cup flour, or enough flour to make a thick batter. Beat at high speed for 2 minutes, scraping bowl occasionally. Stir in enough additional flour to make a soft dough.

## Barbara Noyes Bride Of Michael Martinson

Barbara Jo Noyes of Rte. 2, length princess style gowns of Escanaba and Michael A. Martinson, of Menominee exchanged wedding vows recently during a Nuptial High Mass and double ring ceremony at St. Stephen's Episcopal Church in Escanaba.

The Rev. Ben Helmer officiated at the 3 p.m. service. Providing traditional organ music was Mrs. Alton Mallman.

The bride is the daughter of Mr. and Mrs. Frank Juhl of Rte. 2, Escanaba and parents of the bridegroom are Mr. and Mrs. Alfred Martinson of Rte. 1, Iron River.

### Ivory Brocade

The bride, given in marriage by Frank Juhl, chose a floor length princess style gown of ivory brocade fashioned with a beaded bodice, rolled collar and long sleeves.

A crown style headpiece trimmed with seed and teardrop simulated pearls held her waist length illusion veil and she carried a bouquet of blue carnations and whiteroses, centered with a lavender chrysanthemum. The gown and veil were designed and sewn by the bride.

### Something Old

Her only jewelry were pearl and gold earrings given to her by her father two years ago. For the traditional something old, she had a 1921 silver dollar which belonged to the bridegroom's mother; something new, a 1969 penny from her niece, Lorrie Hay; something borrowed, a slip from her mother and something blue, the traditional blue garter.

Mrs. William Hay, was matron of honor for her sister and bridesmaids were Joan Leisner and Kathie Martinson.

They were attired in floor

## Nip Of Winter Signals It's Pot Roast Time

If you're looking for a tasty and tempting dinner idea to chase away the mid-winter chills, look no further. Scandinavian Pot-Roast, a pleasing duo of tender, flavorful beef and dried fruits, will warm as well as satisfy your family.

Meat expert, Reba Staggs, home economist for the National Live Stock and Meat Board, says it's the ginger and cinnamon stick that give this pot-roast and gravy a light spicy flavor. Orange juice, added the last 15 minutes of cooking, contributes an added zip that is complimentary to both beef and fruit.

### Scandinavian Pot-Roast

- 3 to 4-pound beef arm or blade pot-roast
- 3 tablespoons flour
- 1½ teaspoons salt
- ¼ teaspoon pepper
- ½ teaspoon ginger
- 2 tablespoons lard or drippings
- 8 ounces mixed dried fruit
- 1 cinnamon stick
- ½ cup water
- 1 cup orange juice. Cornstarch for gravy, if desired.

Combine flour, salt, pepper and ginger. Dredge meat in seasoned flour. Brown in lard or drippings. Pour off drippings. Add dried fruit, cinnamon stick and water. Cover tightly and cook slowly 3 to 4 hours or until meat is tender. Add orange juice and cook slowly 15 minutes. Discard cinnamon stick. Remove meat to heated platter. Thicken liquid with cornstarch for gravy, if desired. 6 to 8 servings.

### Dear Heloise:

I have a suggestion for the gal who is having trouble with her veils.

Just fill the veil with tissue paper, then place it in a plastic bag, blow up the bag, put a rubber band around it and that's that.

Your veil will always stay in shape. The bag may be hung up or put in a box.

Mrs. E. H.

### Dear Heloise:

Recently I needed some string to get my coral vine climbing the trellis.

I finally found some insulated TV rotor lead-in wire saved from the last rotor replacement. I cut this wire in lengths needed, split open the outside insulation and pulled out eight different colored little wires that served the purpose well.

It just worked great on the trellis and now my vine climbs up on all the colors.

Mrs. H. M.

### Dear Heloise:

As I was driving to another town to pick up my husband who had been discharged from the hospital, I stopped at a malt shop to get a soft drink.

I was in a hurry, so I took the drink with me but didn't have a place to set it down in the car. I decided to take off my left shoe, which was a flat, and put it on the seat beside me, then set my paper cup in it.

It isn't the best place, but really does the job in a pinch. The drink stayed put until I could pick it up again.

P. S.: By the way, the shoes were new!

### Letter Of Laughter

Why, or why, did you have to print the letter about mothers folding up all the bedding and placing it at the foot of the bed each time their children fall to make it?

It sure works!

11-Year-Old

### Dear Heloise:

Instead of having to take out all my glasses and wash them for a party, I devised a system to keep them constantly sparkling and ready.

Each day I use a different glass for myself, taking them in order from the cabinet. I do the same with special dishes, using them at least once a week on my rotation system.

Now I never have to spend time washing stacks of dishes or glassware because they don't have time to collect dust.

Phyllis

### Dear Heloise:

If you have a child who is just learning to make his bed, why not provide a plaid or striped bedspread so that he can more easily "line it up" and do a better job.

### Dear Heloise:

I keep a rubber band around the shower arm.

Now when I hang a drip-dry garment over the tub, the hanger doesn't slide off the arm and into the tub.

# Strikes-n-Spares

## With Mike Utt

Although bowling activity in Escanaba was rather light this week because of Christmas, a few leagues were still in action and some of the bowlers turned in some rather outstanding scores.

X X X

Ed Gravelle topped all bowlers in the Classic League at the Bowl-A-Rama Tuesday night with games of 227 and 256 in a 697 series, while Chuck Crago had a 233-256-660. Clarence Konas came up with a 240 game and Wes Ward hit a 234.

X X X

A couple of low average bowlers came through with some nice scores this week, but one bowler with a high average did not fare quite so well. Bob Snow, a 138-average bowler in the Delta League at the Holiday Bowl, had a 508 series Wednesday and Thelma Marcotte, who carries a 119 average in the Friday Mixed Couples League at the Bowl-A-Rama, came through with a big 206 game, but Harold Krusic, carrying a 193 average in the Bay de Noc League, threw a 104 game in his final game Tuesday night. Apparently the new bus terminal is giving Harold a bad time.

X X X

Although Harold Krusic had a bad time in the Bay de Noc League Tuesday, some other bowlers had some nice games. Denny Schneider led the way with a 246 game while Blair Hochreiter had a 202. Gene Jones 223, Randy Farmer 209, Ed McCarthy 203, Wally Marenger 202, Russ Willyard 214, Gray Knasus and Bob Karas 205.

Margaret Seidl did not lead the Thursday night Women's League at the Bowl-A-Rama with the big scores, but she did roll at 185 all-spares game last week. She finished the night with a 531 series. Shirley Peltier led the way in league play with a 217-571.

X X X

The gals in the Tuesday night Women's League at the Bowl-A-Rama started finding the range again this week and 200 games came back in style. Pat Johnston led the way with a 216-579 and she was followed by Shirley Peltier 209-552, Lois Cox 208-505 and Margaret Seidl 200.

# Washington Five Stays Unbeaten

By The Associated Press

The Washington Huskies are on the prowl again in college basketball.

More or less a doormat for the last decade the Huskies are unbeaten so far this season under the rebuilding program of Tex Winter, former Kansas State coach.

The Huskies demonstrated Friday night they are a definite threat to UCLA's reign as national champions by whipping Southern California 90-86 in the first round of the Far West Classic at Portland, Ore.

It was the seventh straight victory for the Huskies, ranked 10th in the Associated Press Poll. George Irvine, a senior, and Steve Hawes, a sophomore, combined for 63 points as the Huskies came from behind in the second half.

Irvine, a 6-foot-5½, scored a career high of 41 points. The 6-9 Hawes, characterized by Winter as the "key to the team" tallied 22 points.

The nine-game winning streak of Hank Iba's Oklahoma State Aggies was snapped by Kansas State 51-49 in the Big Eight Tourney at Kansas City. Jerry Venable scored five points in the last two minutes to pull K-State from behind at 47-46.

After K-State's victory, Oklahoma wiped out an 11-point deficit in the last five minutes and

upset 16th ranked Kansas 68-64 in overtime.

Fifth-ranked Ohio University made it seven straight in an unbeaten season so far by whipping Fresno State 92-80 in a non-tournament game. New Mexico State, No. 7, downed Idaho State 88-80 in the Roadrunner Tourney at Las Cruces, N.M.

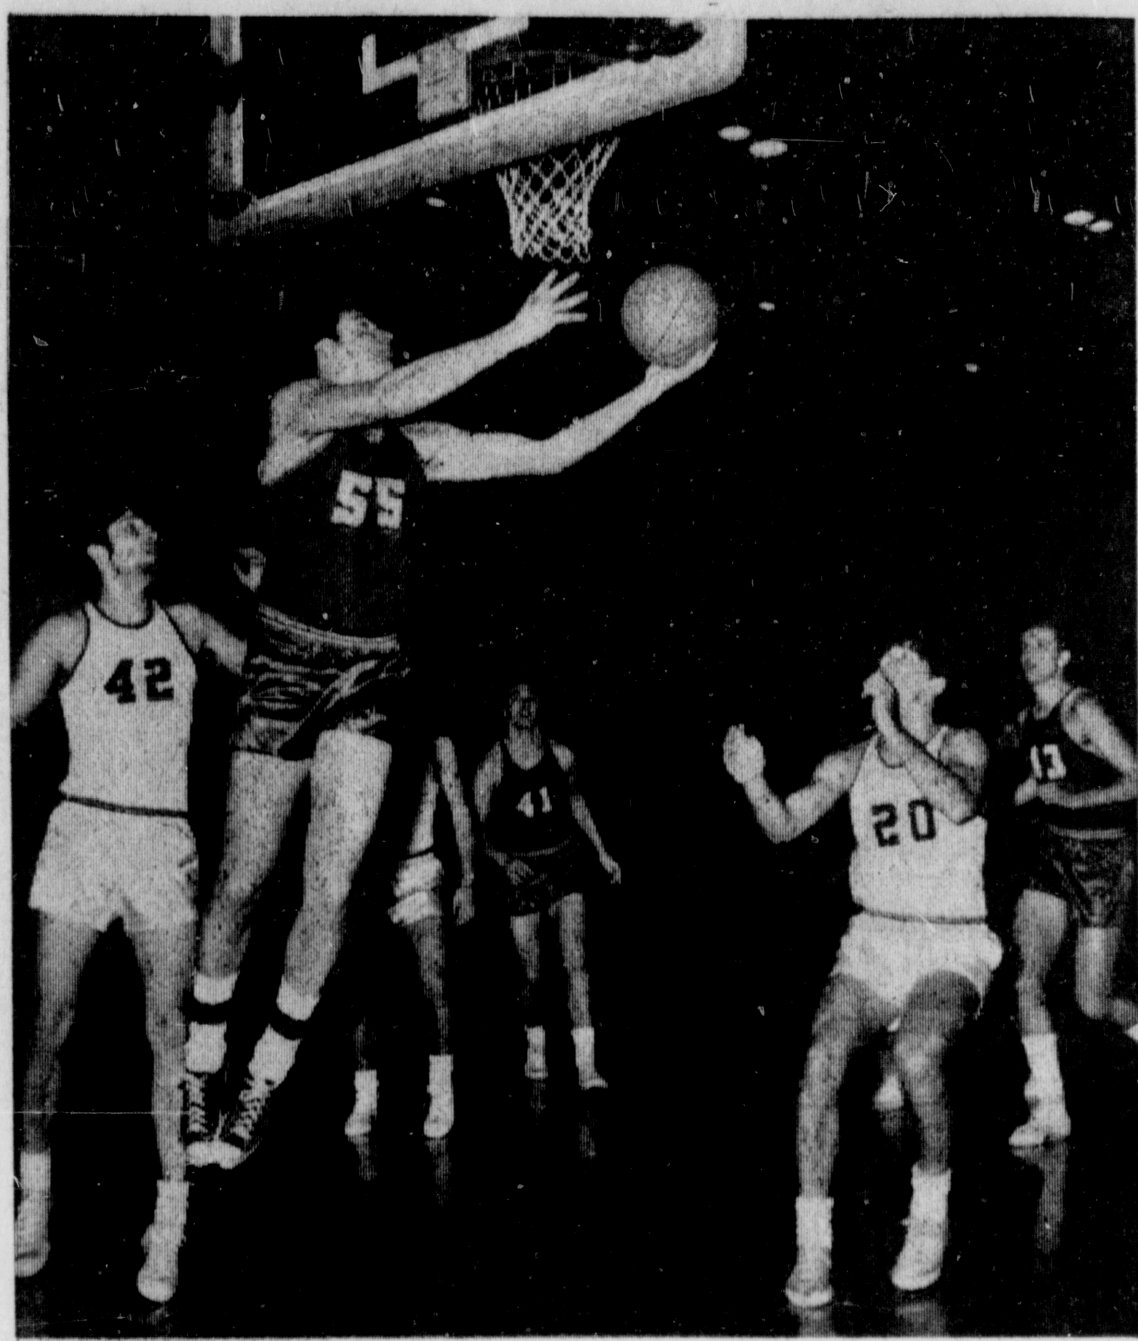

Jacksonville, No. 13, and the only other team in the AP Top Twenty to see action, routed Arizona 104-72 in the Evansville Invitational behind 32 points by 7-foot-2 Artis Gilmore.

Barry Moran's layup with nine seconds left gave Northwestern a 78-77 victory over Rutgers and N.C. State stayed unbeaten by overcoming Alabama 75-71 in the Lafayette Classic at Fayetteville, N.C.

Oregon State whacked Temple 65-44 in the Far West Classic while in the Milwaukee Classic, Wisconsin took Utah State 81-74 and Marquette whipped Delaware 99-71.

In the Queen City at Buffalo, Canisius downed Fairfield 83-70 and St. Peter's humbled Tulane State 51-49 in the Big Eight Tourney at Kansas City. Jerry Venable scored five points in the last two minutes to pull K-State from behind at 47-46.

# Bucks Hand Pistons 7th Straight Defeat

By The Associated Press

The Pistons lost their seventh game in a row Friday night to allow the Milwaukee Bucks to run their National Basketball Association winning streak up to a club record of seven straight wins.

At least it must have seemed like the friendly thing to do, since the Pistons permitted the Bucks to rack up a 21-point lead in the first half. In the last half the hosting Detroiters had second thoughts and fought their way back to a 114-101 loss.

In other NBA action Friday, Philadelphia defeated San Francisco 141-121, Boston won over Seattle 122-112 and Cincinnati rolled past Atlanta 130-110.

With Lew Alcindor dropping in 14 points, Fred Crawford and Dick Cunningham 11 each and Flynn Robinson 10, Milwaukee twice hit a 21-point command in the second quarter. At the half, Detroit was losing 62-43.

Then led by Jimmy Walker and Irwin Mueller, with 10 and 7 points respectively, the Pistons fought their way back to an 89-73 deficit after three quarters. The Bucks' lead was cut to seven points early in the fourth period.

Walker and Walt Bellamy both notched 26 points for Detroit. A blistering second half by Jerry West, a pep talk from Elgin Baylor and the wisdom of Coach Joe Mullaney helped the Los Angeles Lakers turn the

game around Saturday night and beat the New York Knicks 114-106 in the National Basketball Association.

"I talked to the team at half-time and I told them the Knicks can't shoot 56 per cent from the field for the entire game and I told them to keep plugging," said the injured Baylor, who watched the game from the sidelines. "We were only 13 points down then."

Mullaney said he told his guards, West, Dick Garrett and Johnny Egan to stay far apart on the court to keep the Knicks' Walt Frazier from double teaming and stealing the ball.

The Lakers did all this and more as they dealt the Knicks only their second loss on the road in 15 outings. It was the first Los Angeles victory over New York after three defeats.

In the American Basketball Association, Kentucky routed Carolina 117-105, Denver crushed Miami 141-122 and Washington beat the New York Nets 124-113.

John Havlicek scored 42 points for the Celtics, one point shy of his career best. Bob Rule had 41 points for Seattle, 23 in the first half. The Sonics led most of the game and were down by only two points in the beginning of the final period when their shooting turned cold.

Substitute Bill Turner scored 26 points for Cincinnati. The loss by Atlanta coupled with the loss by San Francisco, kept the Hawks 4½ games in front of the Warriors in the West.

The Royals led 67-61 at intermission after a seesaw first half, but in the third period they outscored Atlanta 28-17 for a 95-78 lead and were never headed. Cincinnati's Oscar Robertson was the game's high scorer with 28 points.

# Imlach To Get Buffalo Position

BUFFALO, N.Y. (AP) —

George "Punch" Imlach, coach and general manager of the Toronto Maple Leafs for 11 years before he was summarily fired last April, will become general manager of the new Buffalo team in the National Hockey League, it was reported today.

The Buffalo Courier-Express, in a story by Charley Barton, said Imlach, 51, would be named "some time before the All-Star Game in St. Louis Jan. 20."

Imlach has had at least four meetings with officials of the Niagara Frontier Hockey Corp. since the group was granted an NHL expansion franchise last month, the newspaper said.

The Buffalo team and one from Vancouver will begin play in the 1970-71 season. Joe Crozier will shortly be named general manager of the Vancouver club, Barton wrote.

AIR FORCE ACADEMY, Colo. (AP) — Cyd Maattala, Air Force defensive end whose name tests sports writers' spelling skills, had a pass-stealing field day against Colorado State University. He pilfered three.

The first three set up a Cadet touchdown, the second killed a CSU scoring threat and Maattala ran 32 yards for a touchdown with the third in the Falcons' 31-0 victory.

Joe Namath of the champion New York Jets scored two touchdowns rushing during the entire 1968 season. This year he rushed for two TDs in his first five games.

"It's murder," says the former Purdue athlete. "You've got your head down and all of your weight forward on the ball. When you make the snap there is no way to protect yourself. The defenders try to come right over you to block the kick. They give you a real going over every time."

# Wings, Montreal Play To 3-3 Tie

By The Associated Press

Playing against a weakened Montreal team in National Hockey League action Friday night, the Detroit Red Wings had to settle for a tie at 3-3.

Canadian defenseman Terry Harper picked off a pass by Gordie Howe and scored at 17:13 of the third period to give Montreal the tie.

The Canadiens were in Detroit without centers Jean Beliveau and Henri Richard, and winger John Ferguson.

In other NBA action Friday, Pittsburgh surprised New York 3-2 and St. Louis tripped Toronto 3-1.

The tie kept Detroit unbeaten in four games against the defending Eastern Division and Stanley Cup champion Canadiens.

Claude Provost opened the scoring for Montreal with a game only two minutes old, but Detroit evened the score at 4:15 when Bruce MacGregor scored the first of his two goals.

Detroit scored two more quickies at the start of the second period. Montreal goalie Roger Gagnier Vachon caught Wayne Connelly's hard shot at 1:10 but couldn't hold on to it. The puck rolled over the line for Connelly's 10th goal.

MacGregor got his second score of the game in the second period on another setup by Al Karlander, who supplied his first goal.

Pittsburgh goalie Les Binkley, one of the National Hockey League's holdouts when it comes to face protectors, kicked out 26 shots Friday night and led the Penguins to a 3-2 victory over New York, ending a 14-game unbeaten string against the West for the Rangers.

It was his first start after sustaining a 16-stitch cut at the side on his right eye in practice. At the time, was, of course, wear-

# Holy Name Tops Escanaba In Annual Alumni Tussle

By MIKE UTT

Many basketball memories from years gone by were revived by fans attending the annual Holy Name - Escanaba Alumni basketball game at the Holy Name High School gymnasium Friday evening.

The whole setting must have seemed very familiar to many fans as they watched Con Yagodzinski and Terry Dufour lead the former Holy Name stars to a 93-84 victory over former standouts from Escanaba High School.

Equally thrilling to the fans rooting for the Escanaba team was the shooting of Paul Miller, who holds the all-time scoring record at Escanaba High School and is now a member of the Northern Michigan University varsity basketball team.

The two teams played to an 18-18 standoff in the first period, but Holy Name took the lead in the second quarter and held on for the victory.

With only four and one half minutes left to play in the contest, Escanaba rallied to come within five points of the Holy Name squad, but some Denny McGinn, Yagodzinski and Dufour put the Crusaders out of reach in the final minutes.

Yagodzinski topped all scorers in the game with 34 points, 28 of which came from the field. Dufour hit ten field goals

and finished the game with 22 points. The only other Holy Name player to reach double figures was McGinn with 12 points.

Miller finished right behind Yagodzinski for scoring honors in the game with 33 points, as he hit on 13 field goals, many of which were from long range, and seven free throws. Also scoring in double figures for Escanaba were Paul Meunier and Bernie Larson with 13 points apiece and John Moberg with 12.

The early minutes of the game looked like a rematch of last season's great Escanaba-Holy Name battles, with Dufour and Moberg both hitting the same type of shots that brought them glory in their prep careers.

The annual holiday event also gave players who graduated at least five years ago and did not wish to play in the main alumni game a chance to

get back onto the court again and the Escanaba team emerged victorious in this game, which was a preliminary to the main attraction, by a score of 64-43.

Also featured in last night's event was the first annual game between the Escanaba Daily Press All-Stars and WDBC Radio Station. WDBC squeaked out a 10-9 victory in this two quarter game and took home the traveling trophy which was donated by Lee Wiles of Lee's Studio.

Proceeds from this annual affair go to the Holy Name Scholarship Foundation, which has awarded more than \$18,000 in scholarships to worthy graduates of Holy Name High School. The first scholarships from the proceeds of this game were awarded in 1958.

Chairmen of the event were Tom McDonough and Casimir Milkevicz and Jim Zimmerman of WDBC acted as master of ceremonies for the evening.

# Ellis, Frazier To Battle Soon

NEW YORK (AP) — Madison Square Garden has completed arrangements for a Feb. 16 heavyweight championship bout between Joe Frazier and Jimmy Ellis, it appeared virtually certain Friday.

The Garden, which has been trying to match Frazier and Ellis for the title for almost a year, invited newsmen to a Monday press conference, at which details of the 15-round fight are expected to be announced.

Harry Markson, director of boxing for the New York arena, said earlier in the week he was confident the match would be closed with the resolution of "a few hitches concerning the ancillary, the television setup."

Frazier, the Philadelphia puncher recognized as champion in seven states, including New York, and Ellis, of Louisville, Ky., the World Boxing Association titleholder, reportedly have been guaranteed \$150,000 apiece against 30 per cent of the gate plus closed circuit television revenue.

# Toledo Scores Bowl Victory

ORLANDO, Fla. (AP) — Dazzling sophomore Chuck Ealey streaked 52 yards to score after only 57 seconds in Friday night's Tangerine Bowl and followed with three touchdown passes to lead unbeaten Toledo to a 56-33 victory over Davidson.

Davidson offset Ealey's run with a 63-yard drive, but the Wildcats from North Carolina soon found themselves overwhelmed by the 20th ranked Rockets.

Ealey's first half magic led to a 42-7 cushion and it was only a second half flurry that kept Davidson from suffering a more severe rout.

Toledo, winner of the Mid American Conference, climaxed and 11-0 season to become the first undefeated Rocket team in 33 years of football.

Davidson earned the Tangerine bid by rolling up a 7-1 record, but then lost its final two regular season games, including an embarrassing 63-8 game to Vanderbilt.

Gordon Slade's passing was Davidson's hope and the senior from Evansville, Ind., marched the Wildcats to get the 7-7 tie before a crowd of 16,311.

## 'Bearded Ones' Given Backing Of Mayor Daley

CHICAGO (AP) — Youth's idealism — and its trappings, such as long hair — received an almost paternal grin and understanding endorsement from Mayor Richard J. Daley.

"Young people have many problems... but we must understand that the idealism they have — if it's to make a better society — is a good thing for society," the mayor said Friday night in a filmed television interview.

He was interviewed by Fahey Flynn of WLS-TV (ABC) for showing in the Chicago area.

"We should be a lot more patient instead of trying to impose our own ideas on them."

"Humor is part of it, you have to be able to laugh at yourself. Some people think that young people are going to pot because of their long hair and mustache. But if you look at pictures of Christ, Abraham Lincoln, you see them with wings and beards."

The mayor said he does not believe there is a generation gap. Daley said the only reason people think it exists is because so many write about it.

The mayor said he hopes there will be many more young delegates at the 1972 Democratic convention and that the hatred and bitterness "that was built up against (President) Johnson in 1968," will disappear.

He blamed the Vietnam war for the bitterness and hatred that caused the youths who came to Chicago during the 1968 Democratic National Convention "to disrupt the convention inside and outside."

"In 1972, I hope young people come to the convention, not to fight the establishment, but to offer constructive suggestions."

Asked if he was the last of the big city mayors who could handle urban problems, the mayor replied, "I don't think I'm the last. I hope I'm the first."

The mayor obliquely took a shot at television reporting of the news saying that time prohibits a full presentation of the story, and that television sometimes "goes to extremes" in reporting the news.

"You put on a fellow who makes a statement and there is no checking to see if the statement is true, no checking to see who he is, where he came from," Daley added.

## Gift-Returning Answers Varied

DETROIT (AP)—Here are a few of the reasons Detroit-area merchants heard Friday as people started returning Christmas gifts:

"It doesn't go," said the elderly woman who beamed when the clerk pointed out a battery was required to operate the toy.

"I don't know what it's supposed to do, but it doesn't do it," said a woman of about 30 as she requested a refund on a toy.

"Too old for my child."

"Too young for my child."

"He already has one."

"He already has two."

"We've been married 18 years and my husband still thinks I'm Jayne Mansfield or something. Every time he gives me a sweater, it's two sizes too big," said the lady with the sweater in hand.

Another lady returned a pretty nylon nightgown and asked to trade it for something practical, like a flannel nightgown.

Detroit's Retail Merchants Association set a Jan. 3 deadline for the return of all Christmas gifts citing convenience for the shoppers and merchants.

## Bank Bandits Get Pop, Sandwiches

DETROIT (AP) — Someone made a Christmas Day haul of sandwiches and soft drinks after standing on a tire and smashing into a Detroit bank with a baby buggy, police said.

Bank employees found a smashed window Friday and pieces of the baby buggy used to gain entry. Because of prior warning system troubles, an 8:01 p.m. alarm from the branch was ignored at Detroit Bank and Trust central offices.

The would-be bank robbers tried to knock the combination off the door of the bank's walk-in vault, but failed. They also tried to scratch through the wall with a putty knife, but hardly made a dent.

Apparently in desperation the crooks or crooks rifled the employees' locker and a refrigerator.

# MANISTIQUE

THE HISTORICAL POST HOUSE looks bleak in its new location and winter setting, but there are important plans for its restoration in the making. The museum will better serve the community and will attract additional visitors in the years ahead. Paint, shutters and other "face lifting" improvements are planned by the Historical Society. ## Cooperative Move: Old Post House In New Location

By BARBARA JOHNSON

The little white oblong building sitting timidly beside the formidable old brick water tower, adjacent to the siphon bridge, is the Post House Museum. The Museum and the old water tower, recently renovated to house the Chamber of Commerce office, should prove a dual attraction for tourists next summer.

The Historical Society, who have operated the Museum for the past nine years, is making plans to fix-up the Museum—paint, shutters, a weather vane and perhaps a fence—and will announce their plans after a January meeting of the Society, according to Mrs. J. Joseph Herbert, curator of the Museum.

There's a story about how the Museum, a sturdy, tin-covered structure built shortly after the turn of the century, came to share the lawn of the water tower—across town from where it was originally built.

Mr. and Mrs. Arthur S. Putnam (he established the pharmacy which still bears his name) built the house for Mrs. Putnam's widowed mother, a Mrs. Post, who came to Manistique from the southern United States. The five-room house was erected next to their home at 102 S. Cedar St.

Left to Schools

It has a living room, dining room, kitchen, pantry and bathroom downstairs and one bedroom up. The walls are of sturdy plaster and the floors all hardwood. It's exterior is completely covered with tin.

Mrs. Putnam, a former County Commissioner of Schools, survived her husband and mother by many years and, in her will, left her home and her mother's to the Manistique Public Schools. She stipulated that the property be used for educational, recreational or cultural purposes.

The board of education accepted the property but promptly found they were unable to live up to the will's provisions. Fire restrictions, the size of the buildings limiting their use, age, etc., kept getting in the way of the benefactor's wishes.

The board of education accepted the property but promptly found they were unable to live up to the will's provisions. Fire restrictions, the size of the buildings limiting their use, age, etc., kept getting in the way of the benefactor's wishes.

The Putnam home, meantime, was donated for use as a Senior Citizens Service Center.

The board of education, who wished to sell the lot where the two houses stood, was granted relief from the will's stipulations by a circuit court appeal. When the property was sold this year, two things were accomplished: the land went back on the tax roll and the proceeds will enable Mrs. Putnam's wishes to be carried out since the money will be used for recreation: a playground development north of the Lakeside School which will bear the Putnam name.

Through the cooperation of the schools, city, chamber of commerce and Jaycees, the Post House Museum was moved to its new location two weeks ago.

The Putnam home is now vacant and is reportedly to be torn down by its new owner. The Senior Citizens Service Center is now located in the former Chamber of Commerce office, opposite the post office.

**Road Hearing**

LANSING (AP) — The Michigan Highway Department has scheduled a Jan. 20 hearing in Warren on a proposed freeway to link I 696 and M 53 near Utica.

The hearing is to be at 8 p.m. at the Warren High School Auditorium.

The department hopes to route the expressway link along Mound Road from Eighteen Mile Road, south and west of Utica, to an I 696 interchange.

Four other corridors are under study.

## George Dupont, Former Barber, Taken By Death

Funeral services will be held Monday at 9 a.m. from the St. Francis de Sales Church for George E. Dupont Sr., 76, who died Friday at 12:45 p.m. at the Schoolcraft Memorial Hospital.

Dupont, who lived at 117 Arbutus Ave., had been a hospital patient since Dec. 10.

Mr. Dupont was a lifelong resident of Manistique and for many years operated Dupont's Barber Shop in downtown Manistique. He was born April 30, 1893, in Manistique. His wife, the former Mary Annetta Spielmacher, whom he married in July of 1924, died Feb. 9, 1952. He was a member of the St. Francis de Sales Church.

He was a charter member of the Third Degree Knights of Columbus 2026; a charter member of the Fourth Degree Donald E. Messier Council, Knights of Columbus; a director of the Schoolcraft County Council of Veterans Affairs; a former Commander of the Disabled American Veterans; a member of both American Legion Post 83 and Veterans of Foreign Wars Post 4420; the World War One Barracks; and the B.P.O.E. Lodge. He was a World War I veteran and served in Europe.

Survivors include one son, George E. Dupont Jr., Tulsa, Okla.; one brother, Alfred Dupont, Pontiac; three sisters Mrs. John (Emily) Weber, Manistique; Mrs. Arthur (Rose) Isack, Manitowoc, Wis.; Miss Ann Dupont, Manistique. Two grandchildren also survive.

Friends may call at the Messier-Brouillere Funeral Home beginning at 4 o'clock Sunday afternoon. A veteran's memorial service will be held at 7 p.m. Sunday followed by Knights of Columbus rosary at 7:30. Burial in the Fairview Cemetery will follow Monday's funeral services in the church at 9 a.m.

## Medieval Art Show Slated For March

NEW YORK (AP) — From the world of stained glass, chivalric, tapestries and reliquaries — the world of Romanesque and Gothic treasures — two important exhibitions will give Americans a rare opportunity this winter and spring to see medieval art at its best.

The Metropolitan Museum of Art, for the first time, is sending out on loan some of the major works from its medieval branch, the Cloisters.

This exhibit, "The Middle Ages—Treasures from the Cloisters and the Metropolitan Museum of Art," will be shown at the Los Angeles County Museum of Art from Jan. 13 through March 8.

From April 8 through June 8 it will be at the Art Institute of Chicago.

In approximately the same period, Feb. 12 through May 10, the Metropolitan will be showing in its own galleries a special exhibit of works borrowed from church, state and private collections in 16 countries. Titled "The Year 1200," it will contain more than 300 items.

The "Middle Ages" exhibit is a survey from the early Christian era to the 16th century, and includes sculpture, tapestries, ivories, illuminated manuscripts, enamels and metalwork, from Western Europe and the eastern Mediterranean.

One of the prize items is the famous Antioch Chalice, a eucharist cup of the 5th century, which was found in Syria. The Cloisters acquired it in 1950.

Another major work is the 13th century polychrome statue of the Virgin from Strasbourg Cathedral.

There is an important example of late Gothic metalwork, the brass "Eagle Lectern" from Louvain, dating from about 1500. It was acquired little more than a year ago.

There also is the Pucelle Book of Hours, a book of prayers written in Latin, created by Jean Pucelle around 1325 to 1329 for the queen of France, Jeanne d'Evreux, wife of Charles IV. It

is illuminated in grisaille, with a little color, on vellum.

The show opening at the Metropolitan Feb. 12, though titled "The Year 1200," is designed to cover the period 1180 to 1220, approximating the reign of Philip Augustus of France. In art it was a period of transition from Romanesque to Gothic.

"Making their first appearance in the United States in 'The Year 1200' and as the high point of that exhibition," said Thomas P.F. Hoving, the museum's director, "will be two works of the most famous master of the time, Nicholas of Verdun."

"They are three enamel plaques from his enormous Klosterneuburg altarpiece—possibly the most beautiful altarpiece ever made—and his Shrine of the Virgin from Tournai."

The Metropolitan will give a scholarly air to this exhibition. A five-day symposium will bring more than 100 scholars from all over the world. In addition to publishing a catalogue of the show the museum will issue a volume of essays by these experts.

## French Bread Giving Colored Airline Lift

OAKLAND, Calif. (AP) — Arabesco Airlines, which claims to be the only black-owned airline in the United States, has cornered a chunk of the Los Angeles market with a San Francisco specialty: sourdough French bread.

Every night, one of Arabesco's two twin-engine C45 cargo planes flies from Oakland International Airport to Los Angeles with more than 800 pounds of French bread from San Francisco.

But airline President Donald Grant says the company hasn't been able to come up with anything from Los Angeles to fly back to the Bay Area so the planes are returning empty.

"I got a call this morning about the possibility of bringing some Jewish rye bread back from there but I don't know if it will work out," he said.

Grant, 42, a counselor in the school system of the nearby City of Alameda, and several friends raised \$2,500 in May 1967 for a down payment on a twin-engine Apache plane and went into the air freight business.

From the beginning, the directors had trouble obtaining financing, Grant says. Four government agencies and private loan companies turned them down.

"You're in the wrong place, they would tell us," said treasurer Robert Reed, 44, an aircraft mechanic at the U.S. Naval Air Station in Alameda for 29 years.

Finally, a bank official referred the directors to Opportunity Through Ownership (OTO), a nonprofit San Francisco-based corporation specializing in loans to minority businesses.

OTO, financed by seven local banks and one corporation, loaned Arabesco \$47,500 in July and the company started operations with the two C45s.

Norman James, 25, a founder and chief pilot, said the company plans to buy another plane or trade one of the C45s for a larger aircraft in six or eight months.

Arabesco, which got its name from randomly picking one letter from the names of eight men originally interested in the company, carries about 80,000 pounds of cargo a month. It is unscheduled.

WHEN B. F. VANDERHOFF of Coffeyville, Kan., had to move his garage, he just lifted it, lashed it to his truck and merely drove down the street. Looking like a wayward float from a parade, the scene got a few second glances from pedestrians and drivers. (AP Wirephoto)

## Young Socialists List Alliance Aims

MINNEAPOLIS, Minn. (AP) — The head of the Young Socialist Alliance, which begins a convention today, says: "I look forward to massive radicalization on the part of the American people."

National Chairman Larry Seigle added in an interview, "The only real solution to the problems that threaten mankind's very existence is the replacement of the capitalist system with a truly democratic and humane Socialist America."

Organizers said they expected 1,000 members to attend the four-day convention. The organization, founded in 1960, claims 5,000 members, most of them college students. The Trot-

skyites, or "Trots" as they frequently are called, have set goals of ending the Vietnam war and the draft, stopping alleged oppression of blacks, ending meaningless education and liberating women.

Seigle, 24, of New York, who is clean shaven and wears conservative suits and ties, said the convention will decide on the strategy and tactics for achieving those goals.

The highlight of the convention's opening day will be a speech tonight on "the working class and the new radicals" by Farrell Dobbs, a leader in the Minneapolis truckers' strike of 1934 and a hero of the alliance.

The group plans a rally Monday in Minneapolis' old market district to commemorate the strike, which gave impetus to the Teamsters Union and all-organized labor in the city.

The alliance had intended to march to the rally from the convention site on the University of Minnesota campus. However, the Minneapolis Police Department granted them a permit to march only to the city's old federal building—some ten blocks away from the market.

An alliance spokesman said the group would conform to the police regulations and would walk to the market district on the sidewalks and would obey traffic regulations.

## Manson Foresees Aid From Records

LOS ANGELES (AP) — Charles M. Manson is counting on a record album of his singing and guitar playing to provide funds for his defense against murder-conspiracy charges in seven bizarre slayings.

Manson, 35, the leader of a communal cult, made the album from songs he composed himself before his arrest.

Word of his hopes for revenue from the musical effort came Friday from attorney George Shibley. The lawyer said he didn't know the name of the recording company or when the album will be released.

Manson has received court permission to represent himself when he comes to trial sometime next year in connection with the slayings of actress Sharon Tate and four other persons at her rented Benedict Canyon estate last Aug. 19 and the deaths the following night of wealthy Mr. and Mrs. Leno LaBianca.

## GM Strike Talks To Resume Today

FLINT (AP) — Negotiators in the 95-day-old Fisher Body strike at Flint agreed to meet again today even though talks Friday were reported fruitless.

About 2,300 men struck the plant over work standards and an additional 1,600 men at an adjoining Chevrolet assembly plant were idled because of the lack of car bodies. The strike by the members of United Auto Workers Local 598 is the longest local strike in General Motors history.

A union spokesman, Ken McArdle, said, "We are still 253 men apart when it comes to manpower."

However a company spokesman said the figure is more like 300 because the UAW figure does not include relief.

GM called the union manpower demand unreasonable.

## 5,000,000 Bottle Caps Go Begging

ROYAL OAK, Mich. (AP) — Five million bottles caps are heaped in Oakland elementary school's basement, the result of a contest between fifth and sixth grade math classes.

The student's gained national attention recently with their requests for bottle caps. The project was the brainchild of math teacher Peter Fine. He thought gathering one million of something would be a unique way of dramatizing the reality of the "million" figure.

Caps and letters were received from as far as California and Nevada. Principal Julie Sajo said the cans, boxes, and bags of caps had to be moved to the basement to protect the floors from collapse.

"I don't know what we are going to do with them," Fine said. "I'll wait until vacation is over before we do any more."

## City Sanitation Leader To Retire

NEW YORK (AP) — Marty O'Connell, sanitation man extraordinaire, has retired after battling more New York snowstorms than any other public official in his 40 years with the city Department of Sanitation.

He was called out of retirement in 1967 to take a \$24,000-a-year post as operations adviser to the sanitation department, mainly because of his snow-fighting experience.

## Learn To Run An Opera

NEW YORK (AP) — Christopher Keene, 22, has won the first Julius Rudel Award. The award was set up by Laurence E. Deutch and Lloyd Rigler of Los Angeles. The winner will join the New York City Opera for the company's 16-performance season in Los Angeles in November and then return to New York with the company to begin apprenticeship.

Keene, who is from Palo Alto, Calif., is a conductor who is meant to learn from Rudel "artistic and administrative knowledge required in the running of an opera company."

## 'Odd Art' Ready For Washington Gallery Display

WASHINGTON (AP) — The art Robert Morris displays is what you'd expect to find in a boiler room with leaky pipes, in a building under construction and in a lot filled with rubble.

It is called nonreferential art, primary structures and Minimal Art. Morris, the sculptor, prefers "unitary forms."

Whatever they're called, his sculptures are important enough to be shown in Washington's prestigious Corcoran Gallery of Art.

The exhibition includes the sculptor's early works, made of plywood, fiberglass, aluminum and steel and his later output: "earth works" and "waste pieces" in which Morris uses dirt, mirrors, grease and asphalt.

Outside the Corcoran, a block from the White House, is a Morris sculpture made of steam. Sixteen jets are arranged to form a square and spurt colored vapors a few inches off the ground.

Inside, the exhibit ranges from aluminum "I" beams—the kind that forms the skeleton of bridges; to a wall-to-wall mound composed of brass, zinc, steel, felt, asphalt, copper tubing and mirrors.

The Corcoran says minimal sculpture such as Morris' "re- lies for the most part on three-dimensional geometric forms such as the cube; it avoids figurative references—it never stands on two legs . . .

"It hangs from the wall, leans in a corner or sits squarely on the floor."

The new sculptors, says the Corcoran, "are not sentimental about the artist's hand or touch. In fact, many of their pieces are fabricated industrially from plans."

Morris, 38, was a painter until 1959 when he switched to sculpture. He has had a number of one-man shows. After Washington, the exhibit moves to Detroit.

## Prime Minister 'Man Of Decade'

LONDON (AP) — Prime Minister Harold Wilson has been voted the man of the decade by British radio listeners.

The poll of more than 30,000 listeners was announced Friday by the British Broadcasting Corp.

Wilson got 1,051 votes. Opposition Conservative MP Enoch Powell, best known for his suggestion that colored immigrants be paid to return home, was second with 449 votes.

Four Americans in the list of the 10 most important men of the 1960's were the late President John F. Kennedy, 3; the late Dr. Martin Luther King Jr., 6; Dr. Billy Graham, the evangelist, 8; and astronaut Neil A. Armstrong, first man on the moon, 9.

## Cyrus Eaton Set For News Confab

CLEVELAND, Ohio (AP) — Cyrus S. Eaton, the millionaire industrialist and frequent visitor to Communist countries in his search for peace, is 86 today.

He completed his most recent trip to a Communist national this month when he returned from talks with the North Vietnamese in Hanoi. He will hold a news conference Monday.

Newspaper want ads are a big sell! One billion, twenty-one million was spent on classified ads last year . . . more than for all magazine advertising combined and more than 300 million more than radio advertising.

Symbol of the New Year—a bouncing baby boy! Symbol of the Old Year—a gnarled and dejected Father Time! As the New Year begins, we want to wipe the slate clean, we want to erase everything that has happened and start all over again.

But stop and think a moment. Naturally, there were things in the past that we wish had never happened. There were things that we are sorry we had said and done. But what of the wonderful hours, the tender moments—the really good things?

The best way to start a really "new" New Year is by going to church and taking a quiet personal look at yourself. Take advantage of the experiences given us during the past, and then, with a new perspective, plan your New Year with faith and resolution.
